Work Experience & Education

-> Middle Software Engineer @ Amdaris

Oct 2023 - Present | Bucharest, Romania

- Built a reliable calculation engine for eco-impact assessments using user-friendly questionnaires.
- Developed a robust Django Rest Framework API for streamlined data entry and collection.
- Ensured system reliability and performance with testing, including Selenium for UI, Pytest for unit, and integration tests.

-> Junior Software Engineer @ Amdaris

Nov 2022 - Sep 2023 | Bucharest, Romania

- Developed an internal tool for managing employees' medical expenses, using C# ASP.NET Core and ReactJS.
- Demonstrated adaptability by swiftly switching to a new technology within one month and transitioning to a different project to meet company needs.

-> Software Engineer Intern @ Amdaris

Jul 2022 - Sep 2022 | Bucharest, Romania

- Gained practical expertise in C# ASP.NET, ReactJS, and SQL Server.
- Gained experience in using design patterns, algorithms and adhering to the SOLID principles.

-> Student @ Politehnica University of Bucharest

2019 - 2023 | Bucharest, Romania

- Studied Computer Science in English at FILS (Faculty of Engineering In Foreign Languages).
